John: That You May Believe

This twenty-week series will lead us deep into the gospel written by the Beloved Disciple. Kathleen's insightful and probing questions will help us discover the jewels of Truth in this beautiful depiction of Jesus' earthly ministry.

We will go through the five days in each Lesson on our own, then meet together to discuss answers and help each other uncover the Truth of the scriptures. We have a time of fellowship, good food, and prayer, and we work together to better understand both the gospel and our need for a Savior—even when life has taken over, and the homework is unfinished. Child care is available for \$2 per child, per week (ask about scholarships, too).
