A Thematic Study of Proverbs

The purpose of this study is to deal with major themes in Proverbs. Since Proverbs deals with issues from knowing God to finances to family and government, this is a good place to understand how Covenant life affects the whole person.

(And, no, Bobby will not use a Hebrew Bible. The graphic is for effect only!)

Over the course of this study, we will consider:

- **What is wisdom?**
- **What is folly?**
- **Are Proverbs promises?**
- **How do these sayings affect my life?**
- **Is Proverbs moralistic or gracious?**
