

Stafford Small Group Meeting & Location TBA Leader: Curt Stafford

The Peacemaker DVD Series

When a church experiences conflict, the results can be terribly painful: couples divorce, families and friends are divided, and in extreme cases, a church may split, and our witness for Christ is lost.

But it doesn't have to be this way. Many churches have embraced a 'Culture of Peace,' where members truly live out the gospel in their relationships and where the blessings of peace follow: strengthened marriages and families, healthier churches, and a thriving, gospel-centered ministry. Building a Culture of Peace doesn't happen overnight, though. It's a journey.

Over the course of this study, we will consider:

- Basic principles of peacemaking
- Building a culture of peace
- Applying the Gospel to conflict
